

New HMT Location in Minnesota

Horn Machine Tools, Inc. located in Madera, California is pleased to announce the opening of a new facility in Minnesota. The new location is in Oakdale, MN, a suburb of St. Paul.

The new facility includes a showroom with new tube bending machines in stock and service facilities for the upper Midwest states.

HMT is also pleased to announce the hiring of **Paul Kuehlwein** as Regional Sales Manager to oversee the new Minnesota location.

Paul brings to HMT 28 years of tube bending experience. For the last 18 years he has been employed with one of the largest tube fabricators in the Midwest. As Manufacturing manager there, Paul focused his skills and knowledge in tube bending, tube fabricating, bender tooling and application engineering.

“We see this as a huge step towards supporting the growth in the upper Midwest states”, says Kent Horn, President of Horn Machine Tools, Inc. “Paul has a wealth of knowledge in production tube bending and tube fabrication.”

The addition of Paul, coupled with our new Twin Cities location in Minnesota will bring a new dimension in support and service to the HMT product line of HMT-USA Tube Benders, HORN Metric Series Tube Benders and Unison All Electric CNC Tube Bending machines.

Horn Machine Tools, Inc. now operates three facilities:

Madera, California – Manufacturing, Service and Company Headquarters

Indianapolis, Indiana – Tube Bender Rebuilding and Service

St. Paul, Minnesota (Oakdale) – Tube Bender Showroom and Service
